(801)651-1999

cameron.keyser1@gmail.com

Six years of web design and development experience, with five of those years being on the job experience. 7+ years working directly with merchants, business owners, and direct clients.

Experience

Nfinite Sites

Draper, Utah

Owner / Designer / Developer

February 2019 - Present

- Design, develop, and maintain several small business websites.
- Implement SEO and marketing campaigns

Business Promotion

American Fork, Utah

Full Stack Developer / Tech Support

October 2016 - February 2019

- Built and maintained custom websites for a large number of clients (100+).
- Assisted in building custom dashboards for various departments in the company (ex: Retention, Sales, Team Stat Dashboards, etc).
- Collaborated directly with business owners when making changes, or when building a new site.

Boostability

Lindon, Utah

Website Consultant / Website Maintenance

January 2015 - September 2016

- Provided project management for 40-50 website accounts. This included gathering all requests for their website build, as well as provided assistance in post-launch maintenance.
- Assisted the development team in creating a website based on information gathered through conference calls and web trainings.

Crest Financial

Draper, Utah

Merchant Account Manager / Finance Underwriter

October 2013 - January 2015

- Approved and managed new merchant accounts looking to offer in-house financing.
- Reviewed and approved individual financing requests from our merchant's clients.
