(801)205-5019

cameron.keyser1@gmail.com

7 years of web design and development experience, with five of those years being on the job experience. 8+ years working directly with merchants, business owners, and direct clients.

Experience

Oozle Media
South Jordan, Utah
Full Stack Developer
September 2020 - Present
- Built 35+ WordPress-based websites utilizing Advanced Custom Fields
- Maintained all new, and previously built websites
- Performed hosting migrations
- Optimized websites to meet performance compliance (ex. Core Web Vitals)

Nfinite Sites
Draper, Utah
Owner / Designer / Developer
February 2019 - Present
- Design, develop, and maintain several small buisness websites.
- Implement SEO and marketing campaigns

Business Promotion
American Fork, Utah
Full Stack Developer / Tech Support
October 2016 - February 2019
- Built and maintained custom websites for a large number of clients (100+).
- Assisted in building custom dashboards for various departments in the company (ex: Retention, Sales, Team Stat Dashboards, etc).
- Collaborated directly with business owners when making changes, or when building a new site.

Boostability
Lindon, Utah
Website Consultant / Website Maintenance
January 2015 - September 2016
- Provided project management for 40-50 website accounts. This included gathering all requests for their website build, as well as provided assistance in post-launch maintenance.
- Assisted the development team in creating a website based on information gathered through conference calls and web trainings.

Crest Financial
Draper, Utah
Merchant Account Manager / Finance Underwriter
October 2013 - January 2015
- Approved and managed new merchant accounts looking to offer in-house financing.
- Reviewed and approved individual financing requests from our merchant's clients.
